My name is Dennis Ovsyannikov and I am in 6-A. I like this school because it is unique. I would recommend this school to many people. I don't really think that there is a better school in New York City than ~~Barnet~~ ^{Big Apple} Academy. It would be the best choice for all the Russian people in New York.

I like this school because we have a great curriculum. Also, they have the best teachers in New York City. ~~Big Apple~~ Academy has many after-school programs that are fun and useful. I would not switch to any other school ever.
