Optional Summer Math Homework package   **Grade 4 → 5**

It is important that you keep practicing your mathematical Knowledge over the summer to be ready for **5th grade**. In this Package you will find a calendar of activities for the month of July and August.

What should you do?

-Take a new notebook for every-day practice. For each day you will need 2 pages;

-Start each day with vocabulary words: copy each word from the given day-list, find and write the meaning of each word in your notebook on the front page (pages 1,3,5, . . . and so on);

-Use the internet to find the meaning of each word you do not know:

    https://dynamiclearningmaps.org/sites/default/files/documents/ERP/dlm_math_glossary.pdf

-Solve the problem of the day and write the solution with full explanation on the back page (pages 2,4,6,. . . and so on);

-Have the date of the entry. Have a clear and complete answer. Be neat and organize.

 Do not forget to bring your notebook to school on September 6, 2022 - the first school day.
