Gift Wrapping Master Class From 7B

Big Apple Academy

We would like to extend our appreciation to Goldshteyn Faviana and Abigail Sklyar for their fantastic Gift-Wrapping Masterclass, which they organized for their fellow classmates. It was an enriching experience for all students in class. This masterclass is one of the components of our recently launched Etiquette Program, introduced a week ago. In addition to learning the art of gift wrapping, students were taught the specific protocols of giving and receiving gifts and had the opportunity to refine their manners.
