The problem is how to remain an
artist

Educators at the Big Apple Academy believe that engaging with art is essential to a well-rounded education. Children communicate through artistic expression almost as soon as motor skills are developed. The arts challenge our students with different points of view and boost their motivation and creativity.

We express our gratitude to our teachers and administrators responsible for orchestrating the Big Apple Academy Gallery, the artistic occasion what will leave a long-lasting impression on our students.

Our Art Gallery provides a platform for children to nurture their creativity and innate talents. Students explore the use of colors and invent new artistic expressions. This is a lesson that truly brings joy when everyone actively participates.
